

# BR: D16

Grab your textbook, and take 5 minutes to read the following pages (& answer the following questions as you do): pp  
175-176

*Why does delivery matter in speech?*

*Be ready to give a good example of a speech (2-3 sentences), and a bad one as well.*

## Logical Fallacy of the Day

### ▶ Lying with Statistics

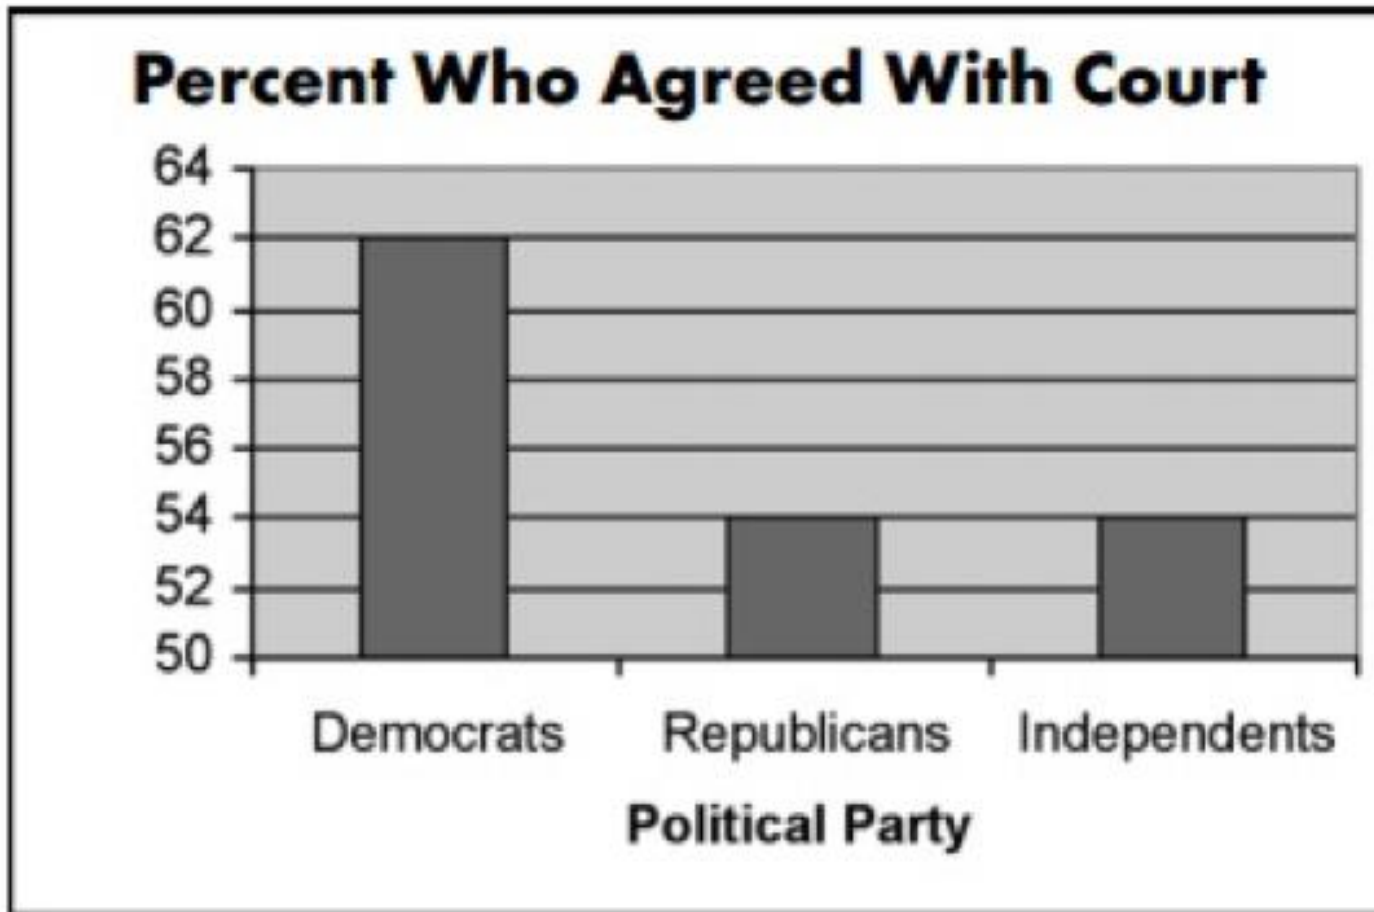

▶ It can be very easy to misuse statistics to deceive and trick people into believing what you want them to believe. Often this is done visually, although you could do it in many ways, or by misstating info

▶ Form:

▶ *Claim A is made.*

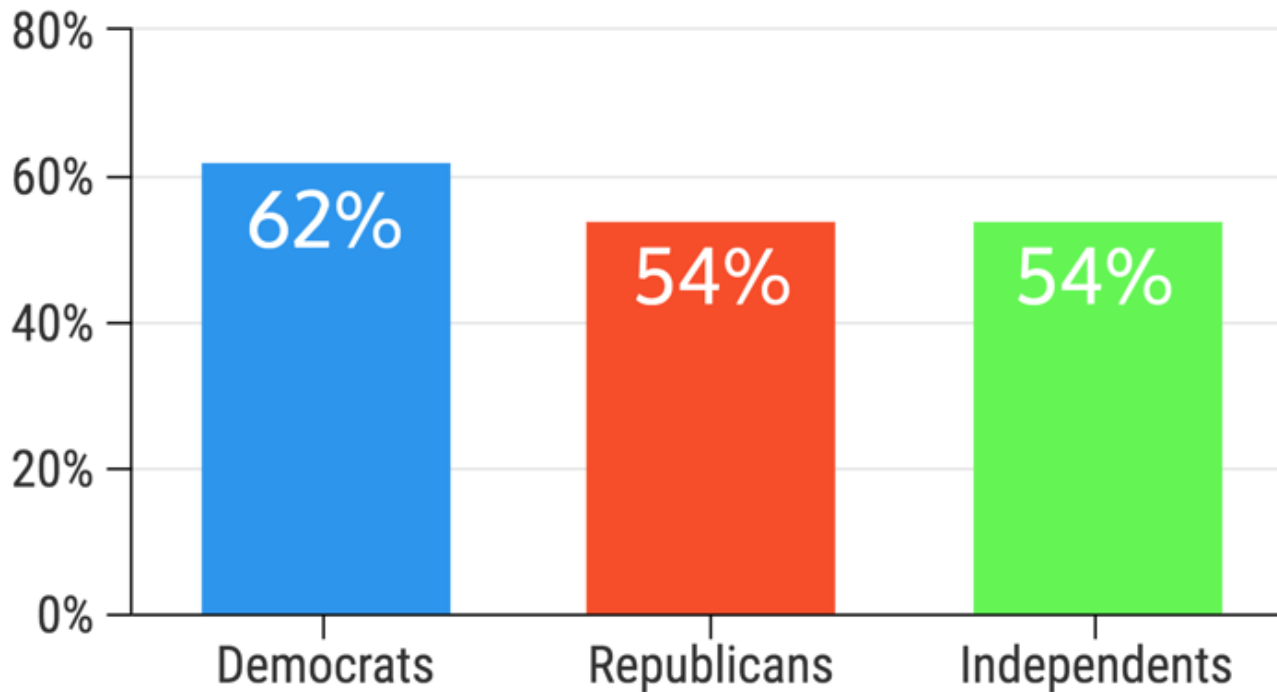

▶ *Statistic S is manipulated to support claim A.*

# Real Example:

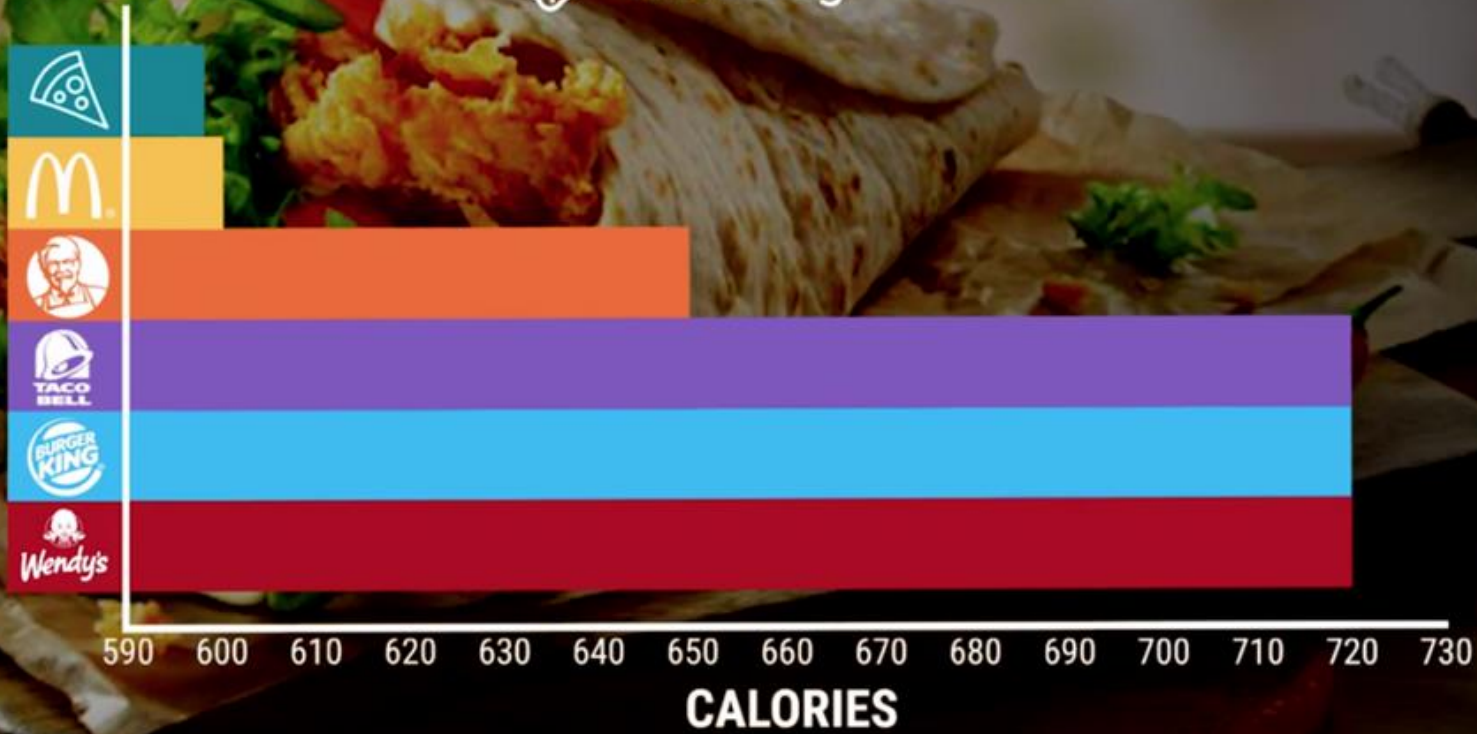

# Reality:

## Percent Who Agreed With Court

# KFC'S CRISPY CHICKEN TWISTER

 CALORIES: 650  
 FAT: 35g

# Research Time: Final Project!

- ▶ Get to work researching the next topic (remember to record citations via APA style)

*“Resolved: The United States federal government should substantially reduce its restrictions on legal immigration to the United States, especially regarding refugees.”*

Let's look at the sources they are using:
