

D1: Option B HW: Geocaching Adventure! (Due D4 aka _____)

As we discussed in class, location is an important part of history and geography. One activity that relies heavily on the concept of location is called **geocaching**. Check out the following video to learn more:

1. Go to www.geocaching.com and sign up for a free account! Tell me the username that you created:

2. Watch this video on downloading a free app for android here:

https://www.youtube.com/watch?v=2ZmTI5Ijz_0. Here's an intro if you are using an iPhone:

<https://www.youtube.com/watch?v=3Aq7Yvp444Y>. After you have installed the app, do the following:

A. Check for nearby geocaches. Which one did you decide to go after? Make sure to mention the unique code, which starts with GC ____, for example, [GC6N6DC](#), [GC4ZQQ8](#), [GC4YERT](#), etc.

B. Why did you decide to go after this particular geocache?

Note: Make sure that before you go, you pick a relatively easy one in regards to "Terrain Rating" and "Difficulty Rating". As this is most your first try at a geocache, don't overdo it.

3. After making the attempt with your smartphone, answer the following questions:

A. Did you find the geocache? Describe your experience!

B. How did you feel after the experience? Would you like to try it again?*

**Note that not everyone is successful the first time, and that is ok! I am more than happy to help you out if you are interested in trying again.*
