

D8 - Ch. 3.1 Guided Notes: Utah's Early Peoples

1. What is **adaptation**? Why was it important for early man, and important now?
2. What is **migration**? What are some reasons that animals / people migrate?
3. Who studies **early people** (what are they called)? Give some **details** about the work that they do, and define what **artifacts** are:
4. What does **prehistoric** mean?
5. What **two caves** have we discovered in Utah with **prehistoric artifacts**? How **old** are the artifacts from each?
